Mom knows best

Celebrate Mother's Day with chef-tested, mother-approved eats

By Erin Brereton

Martial Noguier

Executive chef, [Cafe Des Architectes](#)

Mom's dish: ham and cheese crepes

Noguier's mother often made ham and cheese crepes for Sunday lunch, so it's fitting he'll serve them in his Gold Coast dining room Sunday. Noguier's also offering a four-course prix-fixe menu, but if the last holiday was any indication, the two large crepes, which come with juice, toast and pastries (\$15), should be a hit. "For Easter, I put the crepes on the menu, and people ordered them like crazy," Noguier says.

Mother's Day: 10:30 a.m.-5 p.m. Four-course menu (\$55; \$25 for kids ages 5-12). Regular menu plus crepe special also available.
